MANAGEMENT DISCUSSION AND ANALYSIS REPORT

As per the requirement of Schedule V of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the Management Discussion and Analysis of the events that have taken place and conditions prevailing during the period under review are elucidated.

a) INDUSTRY STRUCTURE & DEVELOPMENT

The Company is engaged in manufacturing of Granite Tiles & Slabs. The main market for the company's product is USA, South Africa, U.K, UAE, Canada, Europe and Australia. The Global and Domestic Economy have been witnessing sectoral turnaround during the year, yet economic challenges prevail, which have impact on construction and building material industries.

b) OUTLOOK

National initiatives such as „Make in India“, „Skill India“, „Startup India“, „Smart Cities“, „Housing for All“, „Affordable Low Cost Housing“; broadening financial inclusion, streamlining of taxation structure with the passage of the GST, strengthening of infrastructure, etc. would lead to improvement in the economic growth of the country in the coming future.

The Company is in the midst of unprecedented times due to the worldwide spread of Covid-19. The Ministry of Home Affairs vide order No. 40-3/2020 dated March 24, 2020 notified the first ever nationwide lockdown in India to contain the virus outbreak. Until the contagion is fully controlled, the company is focussing on the safety of its employees, stakeholders and operations. A global economic recovery depends to a great extent on the pandemic being brought under control, containment measures being scaled back and trade and manufacturing activities being gradually restored without causing a second wave of contagion.

The company foresees reasonable growth of its product line and varieties of Natural stones, designer mosaics as well as semi precious stone products and concepts, subject to the nationwide economic activity being opening up fully post pandemic. The economic outlook for the year is still uncertain but viewed with cautious optimism. Our plans for the growth of the business and profitability are based on an average economic outlook, in the present business scenario.

c) OPPORTUNITY AND THREATS

The perceived threats for the Company are acute competition from Brazil and China, ever increasing material cost, unremunerative prices and availability of good quality raw materials due to export of the same in raw form.

The most likely fallout of the COVID-19 Pandemic is that countries are increasing likely to adopt more and more protectionist measures. While countries, particularly those exploring finished manufacturing goods with established export markets are likely to wade through such an environment, those like India that are depended on intermediate and agriculture exports and are on the look out to tap newer markets, are likely to find the going tougher.

The Stone Companies are working with great difficulties to fulfill orders. The virus is still spreading and has created a severe shortage of skilled labour in the quarries and factories because they have gone back to villages. There is no consistency of supply from the quarries. There are also restriction in movement of people from one state to another, which makes workers reluctant to return. In transport the problems come from reluctance of drivers to work due to fear of catching the virus.

The crisis is severe, but with the able management at the realm of affairs, the company, its products and the market will cover well and fast enough.

In Stone industry, unlike other minerals such as iron ore or coal, each colour or variety is a product by itself and the demand changes fast in consonance with the "fashion factor" abroad.

While the short run repercussion of the COVID-19 Pandemic on India's trade are somewhat foreseeable, its long to medium term fallout are anything but it.

d) RISKS & CONCERNS

Rough Granite Blocks are raw material for products of the Company. As such the export of Rough Blocks may affect the profitability of the Company. The currency movement of India or competing nation can impact the business negatively. If Indian currency appreciates compare to other exporting nations or competing country's currency depreciates it will impact our exports.

Over the last couple of years, the demand for engineered stone has increased at the expense of natural stones, which includes granite. While this change is more pronounced in certain countries, this trend could accelerate in the coming years and impact the long term demand potential for granite.

The company is constantly working to find new export markets for its products which will help in diversification of risks and any adverse currency movement in one country will have a minimal impact on company’s business.

The government of India has approved a new scheme named Remission of Duties and Taxes on Exported products (RODTEP). While the finer details of this new scheme and remission rates under it are yet to be notified, the scheme essentially aims at refunding taxes and duties like value added tax on fuel that is beyond the ambit of the goods and service tax (GST) to exporter.

Intuitively this raise a major issue. Given what the RODTEP attempts to refund the rate under it are unlikely to be comparable to the MEIS rates lost in transit.

With India in a lockdown and a large chunk of its workforce, particularly, those employed in Micro, small and Medium enterprise back in the hinterlands, another major concern.

e) INTERNAL CONTROL SYSTEM AND THEIR ADEQUACY

The Company has in place adequate internal financial controls with reference to financial statements and no material reportable weakness was observed in the system. The Audit Committee reviews the adequacy of Internal Control System at regular intervals and provide guidance for improvement and ensure that The Board of Directors of the Company has a policy by which it reviews the various risks to which the Company is exposed to and ensure proper regulatory compliances for exercising effective Internal Controls so that the company’s interest and assets are safeguarded.

f) HUMAN RESOURCES

The Company has adequate 67 qualified and experienced human resources commensurate with its size and industrial relations continue to be cordial as the company continues to lay emphasis on development at all levels.

g) DETAILS OF SIGNIFICANT CHANGES (CHANGE OF 25% AND MORE AS COMPARE TO IMMEDIATELY PREVIOUS FINANCIAL YEAR) IN KEY FINANCIAL RATIO AND EXPLANATION THEREOF:

S NO	Ratio	2019	2020	% Change		Remarks
				Increase	decrease

Independent Auditors' Report

To the Members of GLITTEK GRANITES LIMITED
Report on the Financial Statements:

Opinion

We have audited the financial statements of GLITTEK GRANITES LIMITED ("the Company"), which comprise the balance sheet as at 31st March 2020, and the statement of Profit and Loss, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2020, and its loss, the changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. Based on the facts and our professional judgement during the audit of financial statements of the current period, we have determined that there are no key audit matters to communicate in our report.

Other Matters

Further to the continuous spreading of COVID -19 across India, the Indian Government announced a strict 21-day lockdown on March 24, 2020, which was further extended till June 30, 2020 across the India to contain the spread of the virus. This has resulted in restriction on physical visit to the client location and the need for carrying out alternative audit procedures as per the Standards on auditing prescribed by the Institute of Chartered Accountants of India (ICAI).

As a result of the above, the entire audit was carried out based on remote access of the data as provided the management. This has been carried out based on the advisory on "Specific Considerations while conducting Distance Audit/ Remote Audit/ Online Audit under current Covid-19 situation" issued by the Auditing and Assurance Standards Board of ICAI. We have been represented by the management that the data provided for our audit purposes is correct, complete, reliable and are directly generated by the accounting system of the Company without any further manual modifications.

We bring to the attention of the users that the audit of the financial statements has been performed in the aforesaid conditions.

Our audit opinion is not modified in respect of the above.

Information other than the Financial Statements and Auditor's Report thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information.

We are required to report the fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant

to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. That Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonable knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would be reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

Claims/Refunds not ascertainable with reasonable certainty are accounted for on final settlement and are recognized as revenue on certainty of receipt on prudent basis.

1.2.14 Leases

Lease rentals under an operating lease, are recognised as an expense in the statement of profit and loss on a straight line basis over the lease term.

1.2.15 Provisions and contingencies

A provision is recognized when the Company has a present legal or constructive obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which reliable estimate can be made. Provisions (excluding retirement benefits) are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balances sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

1.2.16 Impairment of assets

a) Non-financial assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

Impairment losses of continuing operations, including impairment on inventories, are recognised in the statement of profit

When there is indication that an impairment loss recognized for an asset in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognized in the Statement of Profit and Loss, to the extent the amount was previously charged to the Statement of Profit and Loss.

b) Financial Assets

The Company assesses impairment based on expected credit losses (ECL) model for measurement and recognition of impairment loss, the calculation of which is based on historical data, on the financial assets that are trade receivables or contract revenue receivables.

1.2.17 Cash Flow statement

Cash flows are reported using the indirect method, whereby profit / (loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

1.2.18 Earnings per share

Basic earning per share (EPS) is computed by dividing the net profit after tax available to equity shareholders for the year by the weighted average number of equity shares outstanding during the current year.

Diluted EPS is computed by dividing adjusted net profit after tax by the aggregated weighted average number of equity shares and dilutive potential equity shares during the year.

1.2.19 Cash & Cash Equivalents

Cash and Cash equivalents include cash and cheque in hand, bank balances and demand deposits with banks that are readily convertible to known amounts of cash & which are subject to an insignificant risk of changes in value where original maturity is three months or less.

1.2.20 Financial Instruments

a) Initial Recognition

The Company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognized at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities that are not at fair value through profit or loss are added to the fair value on initial recognition. Regular way purchase and sale of financial assets are accounted for at trade date.

b) Subsequent Measurement

i) Financial assets carried at amortized cost

A financial asset is subsequently measured at amortized cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

ii) Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

iii) Financial assets at fair value through profit or loss

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss.

iv) Financial liabilities

Financial liabilities are subsequently carried at amortized cost using the effective interest method, except for contingent consideration recognized in a business combination which is subsequently measured at fair value through profit and loss. For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

v) Loans & Borrowings

After initial recognition, interest bearing loans and borrowings are subsequently measured at amortised cost using EIR method. Gains and losses are recognized in profit & loss when the liabilities are derecognized as well as through EIR amortization process.

c) De-recognition of financial instruments

The company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for de-recognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognized from the Company's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

d) Fair value of financial instruments

In determining the fair value of its financial instruments, the Company uses a variety of methods and assumptions that are based on market conditions and risks existing at each reporting date. The methods used to determine fair value include discounted cash flow analysis, available quoted market prices and dealer quotes. All methods of assessing fair value result in general approximation of value, and such value may never actually be realized.
