

Note 33: Related Party Transaction

A related party transaction is a transfer of resources, services or obligations between a reporting entity and a related party, regardless of whether a price is charged. Close members of the family of a person are those family members who may be expected to influence, or be influenced by, that person in their dealings with the entity.

Compensation includes all employee benefits i.e. all forms of consideration paid, payable or provided by the entity, or on behalf of the entity, in exchange for services rendered to the entity.
